## **DETAILED ACTION**

### ***Allowance Withdrawn***

Applicant is advised that the Notice of Allowance mailed 6/30/2006 is vacated because of the below indicated defects in the Reissue Application. If the issue fee has already been paid, applicant may request a refund or request that the fee be credited to a deposit account. However, applicant may wait until the application is either found allowable or held abandoned. If allowed, upon receipt of a new Notice of Allowance, applicant may request that the previously submitted issue fee be applied. If abandoned, applicant may request refund or credit to a specified Deposit Account.

### ***Oath/Declaration***

The reissue oath/declaration filed with this application is defective because it fails to identify at least one error which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP § 1414.

This application is objected to under 37 CFR 1.172(a) as lacking the written consent of all assignees owning an undivided interest in the patent. The consent of the assignee must be in compliance with 37 CFR 1.172. See MPEP § 1410.01, specifically:

there is no statement that assignee consents to the reissue, and

the person who signed the submission establishing ownership interest has failed to state his/her capacity to sign for the corporation or other business entity, and he/she

Art Unit: 2626

has not been established as being authorized to act on behalf of the assignee. See MPEP § 324.

A proper assent of the assignee in compliance with 37 CFR 1.172 and 3.73 is required in reply to this Office action.

### ***Claim Rejections***

The amendment filed 11/05/1999 proposes amendments to the claims that do not comply with 37 CFR 1.173(b), which sets forth the manner of making amendments in reissue applications. A supplemental paper correctly amending the reissue application is required.

Claims 1-9, 11-16, 18-21, 23, 28-35, 37-50, 54, 55, 57-64, 66-72, 74-77, 79-81, 85-88, 96, 97, 99-102, 106-109, 116-120, 122-126, 128-131, 133-137, and 139-153 are rejected as being based upon a defective reissue declaration and amendments under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the reissue application is set forth in the discussion above in this Office action.
